Call For Research Proposals

The Institute for Psychedelic Research at Tel Aviv University is pleased to announce a call for research proposals for the 2023 - 2024 academic year. IPR-TLV will provide funding for outstanding research proposals undertaking research in the field of psychedelics. The call is open to all academic disciplines, with preference given to interdisciplinary proposals. The award will grant 80,000 ILS in funding to 4 pilot studies and 100,000 ILS in additional funding for ongoing research within the field. Award recipients will also be eligible to receive an additional 20,000 ILS in research services provided by IPR-TLV.

Extended Deadline for submissions: August 10th, 2023

Eligibility

- Submissions will be accepted by Principal Investigators with an affiliation to TAU from all disciplines including humanities, psychology, sociology, biology, neuroscience, and exact sciences.
- Proposals for studies involving human subjects will be restricted to the use of the following psychedelic substances: Ketamine, Psilocybin, and MDMA.

Application Process

- Investigators who meet the criteria above are requested to submit a 3-page proposal (excluding refs., **Font:** Arial 11 point, 1-inch margins, 1.5 line spacing), 250-word abstract, detailed budget, and CV to iprtlv@tauex.tau.ac.il

Rules and regulations

- Research funds will be awarded for the 2023-2024 academic year.
- Research Services include purchasing and import of psychedelic substances, submission of ethics approval, medical facilitation, therapeutic facilitators, suitable rooms for therapy/psychedelic sessions, equipment for medical monitoring, and blood samples. These additional expenses should be marked as purchased services in the submitted budget.
- The research must include acknowledgment of the grant awarded by The Institute for Psychedelic Research at TAU on all publications, social network publications, or public comments (where permitted) resulting from or related to the project.
- Funded research will be presented at the IPR-TLV annual conference and related meetings upon request.
- Recipients must provide a progress report at the end of each semester.
- Conditions for receiving funding are set annually by the policies of the Scientific Board at IPR-TLV and do not constitute a precedent or basis for future funding; however, outstanding projects may be eligible for an additional 12 months of funding.
- All grants that pass eligibility rules will be reviewed competitively by a review committee.
